

Upper Valley Step It Up uvstepitup.org

Dear Friends,

This April 14, several local gatherings of Upper Valley citizens will be part of the over 1,000 Step It Up rallies nationwide that are calling on Congress to reduce US carbon emissions 80% by 2050 (see www.stepitup2007.org/). The local gatherings will merge at 1:00 pm on the Green in Hanover to welcome guest speakers, sign letters and petitions, hear music, and visit booths of Upper Valley organizations who support local solutions to climate change.

In order to make this possible, we need your monetary or in-kind support! Our expenses include renting the Green for the afternoon from the Town of Hanover; renting folding tables and chairs for booths; procuring sound equipment; and printing and advertising fees. Please contribute to our efforts.

Sincerely,

The Upper Valley Step It Up Organizers

Name / Organization _____

Phone number _____ **Email** _____

Address _____

I will donate the following services or supplies (for example: food, folding tables and chairs): _____

I will donate the following amount to UV Step It Up: _____
